# Pulling For A Brighter Day

We here at Tundra Spirits are a group of Dedicated volunteers committed to

improving the quality of life for abused/abandoned Siberian Huskies in our community.

We have established a network of knowledgeable, caring individuals who can provide transport and foster care for those unfortunate huskies needing a new lease on life. We are pleased to work with other breed rescue groups because we believe that only a unified effort will put an end to animal abuse and abandonment in our communities.

## Our Members

The members of Tundra Spirits are Dedicated "Sibe-Folks"!

Several are recreational mushers, trainers, behaviorists and professional care-givers. We have many years of combined experience in working with and caring for the breed. We are always happy to provide advice and hands-on assistance to sincere Siberian owners.

Although most of us have full-time jobs, we believe that our rescue efforts are rewarded by the goodwill generated by happy, healthy huskies and their responsible human companions. We all agree that responsible stewardship is the key to a lifelong positive relationship between a human and their Canine companion. We welcome those who feel the same and are willing to work to achieve that bond regardless of the breed involved.

## Help-A-Husky Program

Our unique programs allow volunteers to assist rescue efforts in many ways. We realize that not every one can foster a rescue, therefore volunteers can use their skills in one of

our many ongoing programs that best suits them. Please consider giving a deserving husky a chance at a better life and a loving home by sharing a personal or professional skill with us. We will provide training for the Volunteers to help with activities.

A  
Siberian  
Somewhere  
Needs  
You!
